Construction Software for Mobile Devices

Nearly every construction project sees overruns in cost and schedule. While office workers have seen huge productivity gains from software, onsite activities and field work had been left behind; it wasn't practical to lug a laptop around a jobsite.

Everything changed with the iPad.

PlanGrid created an intuitive, sheet-based mobile construction app that keeps everyone building from the current set. Today, PlanGrid is the world's most downloaded construction app, with a five-star rating and over 2,700 App Store reviews.

Highlights from the Board

January 2017

December 15, 2016 6:00 PM LOCATION: via CONFERENCE CALL

PRESIDENT:

With only 7 members present, motions made/seconded/approved by voting members in attendance were tabled for further review by BOD members not present. Those members will be asked to review draft minutes and cast their vote to obtain required quorum for passage.

Holiday Gala was a success with 25 tables. Bad weather caused cancellations by several attendees. Overall crowd was approximately 75, including vendors and attendees.

Financially, the event was a strong performer.

After discussion the following was proposed:

To continue the Chapter annual Holiday Gala contribution of \$300 to the Greater Pittsburgh Food Bank.

TREASURER:

Copies of the bank statement summary showing activity were presented by Nagie and reviewed by Strayer & discussed.

Treasurer indicated that new checks were recently received as a result of Chapter Bank purchase and name change. We continue to have problems with Institute financial reporting accuracy and timely payment of local chapter dues. Nagie, as Region President, has been in constant communication with, but without satisfactory response from, the Institute. Strayer commented this is not a good sign, as has been noted since early 2016 when the delays commenced.

Region Report

January 2017

By Gail Nagie, CSI Middle-Atlantic Region President

Wow 2017 already. I hope everyone had a wonderful Holiday Season and you and your family enter 2017 healthy. Western Pennsylvania saw some snow around the New Year's making it festive.

The Region is moving along with business. Award submissions were due into the Awards Chair by 5 PM on December 31. Amazing to me how in spite of how busy we are everyone waits till the last minute to submit. The Awards Committee has now begun the task of determining the winners. They will be announced here in Pittsburgh at the Region Conference in May.

Next on the Region calendar are elections for both the Institute and Region. I urge everyone to go into the Institute website and verify your profile information. **Elections are only held online. If your information is not correct you will not receive a ballot.** Even if you normally have chosen not to receive emails from the Institute I strongly suggest changing that on your profile until after the elections. **There will be no paper ballots involved for either election.** Make sure you will be involved in the election. Don't wait, do it today so you don't forget.
