# October 13th Meeting

## Building PC (Post-Covid): What Does the “After” Look Like?

4 pm - 5 pm via Zoom meetings

Three design and construction professionals will share their vision of what the Pittsburgh design and construction scene will look like post-COVID (*there will be a post-COVID period, right?*). Eric Booth of Desmone, Drew Kerr of Turner Construction and Jennifer Pavlik of DLA Plus will share different perspectives of how they see design and construction changing, if at all. Will there still be office buildings? Will each office building require separate spaces? Will everything be built with robots?

Come hear this enlightening session to see what is being done now and what your future may look like. A Q&A session will follow to address specific issues. You won't want to miss these insights!!

**REGISTRATION:** <https://forms.gle/b66C8K9YMNHUiAM47>

An email will be sent to each registrant the day of the event to join the virtual meeting.

Questions: E-mail Brian Trimble at [btrimble@imiweb.org](mailto:btrimble@imiweb.org) or call 703-300-0109.

This program meets the AIA/CES requirements for continuing education and qualifies for 1.0 HSW Learning Units.

***Stick around afterwards for an informal CSI Happy Hour!***

### PANELISTS:

*Eric Booth, AIA - President, Desmone Architects. As President, Eric strategizes, innovates and implements through all facets of the company.*

*Drew Kerr - Turner Construction. Drew serves as manager for both the Interiors Division and Business Development for Turner Pittsburgh's business unit.*

*Jennifer M. Pavlik, NCIDQ, - Principal and Practice Leader at DLA+ Architecture and Interior Design. She has been practicing Interior Design for 17 years.*

## October Anniversaries

38th	Timothy Fyock	
25th	Joel Cluskey	RSH Architects
14th	Toby Knight	Knight Athletics, Inc.
12th	Barbara Ruppel	Dodge Data & Analytics
12th	Kimberly Hummel	
8th	Michael Andrews	Allegion
1st	Kenneth Codeluppi	Damtite Waterproofing/WFI

**Current Membership: 82**

**CSI is renowned in the industry for its rigorous certification programs, which include:**

### Construction Documents Technology (CDT®) Certificate

A comprehensive overview for anyone who writes, interprets, enforces, or manages construction documents.

### Certified Construction Specifier (CCS)

Demonstrates excellence in specifications and contract document preparation.

### Certified Construction Contract Administrator (CCCA)

Truly understand all facets of the construction process and contractual relationships.

### Certified Construction Product Representative (CCPR)

An in-depth understanding of the construction process and superior ability in effective representation.

# Towns with Construction Industry Names

October 2020

A recent article noted that the city of Asbestos, Quebec, Canada will have a vote among their residents this month to rename the town. Born when asbestos was discovered there in 1897, the town flourished for decades because of asbestos mining and product manufacturing. Naturally occurring but very toxic, asbestos has been banned in Canada since 2018. Not all the residents are on board with the change, some want to keep it as it is.

This got me thinking about other cities and towns that have names that reflect our building industry. I recently learned that there is a town in Washington state named Concrete, complete with Concrete Heritage Museum.

Here are some others:

Wood, Wisconsin  
Cement, Oklahoma  
Cement, California Ghost Town  
Tin City, Alaska  
Pipe, Wisconsin  
Waterproof, Louisiana  
Frostproof, Florida  
Brick, New Jersey  
Lead, South Dakota

Gypsum, Colorado  
Cement City, Michigan  
Alcoa, Tennessee  
Paint Lick, Kentucky  
Rust, Michigan  
Plastic, Colorado  
Cabinet, Idaho  
Drain, Oregon  
Big Chimney, West Virginia

# Practice Guides / MasterFormat

October 2020

## From Concept to Construction - PDPG 3rd Edition

The Project Delivery Practice Guide 3rd Edition focuses on the art and science of leading project delivery methods. Learn the roles and responsibilities of every party, the deliverables during each phase of the facility life cycle, and the types of information flow that help ensure a successful project.

As part of the source materials for CSI Certification Exams, studying the PDPG 3rd Edition is an important preparation tool. Get your copy and [register for the exam](#) today.

<https://www.csiresources.org/learning/practice-guides/pdpg>

Construction projects are complicated enough. That's why AECO (architecture, engineering, construction, owner) professionals rely on MasterFormat to organize and translate their plans to the whole project team.

MasterFormat 2020 edition features numbers and titles enhanced with digital searchability, allowing you to clearly communicate design intent and turn your ideas into reality.

Keep up with the latest standards – purchase the revised edition of MasterFormat, available exclusively via the CSI Bookstore. Get your copy today!

# Institute Business Meeting

October 2020

## Save the Date for the CSI Annual Business Meeting November 5

The CSI Annual Meeting, normally held in person during the CONSTRUCT show, will be going virtual this year.

Save Thursday, November 5, to participate and hear directly from CSI leadership. CSI will circulate meeting logistics once finalized.
